THE LOOK AND FEEL OF REAL WOOD COMES AT A PRICE

made from
95% recycled materials

As our natural resources are limited, we must protect and recycle for future generations. All NewTechWood products are produced using 95% recycled materials including plastic bottles, reclaimed wood fibers, and other products that would normally end up in a landfill.

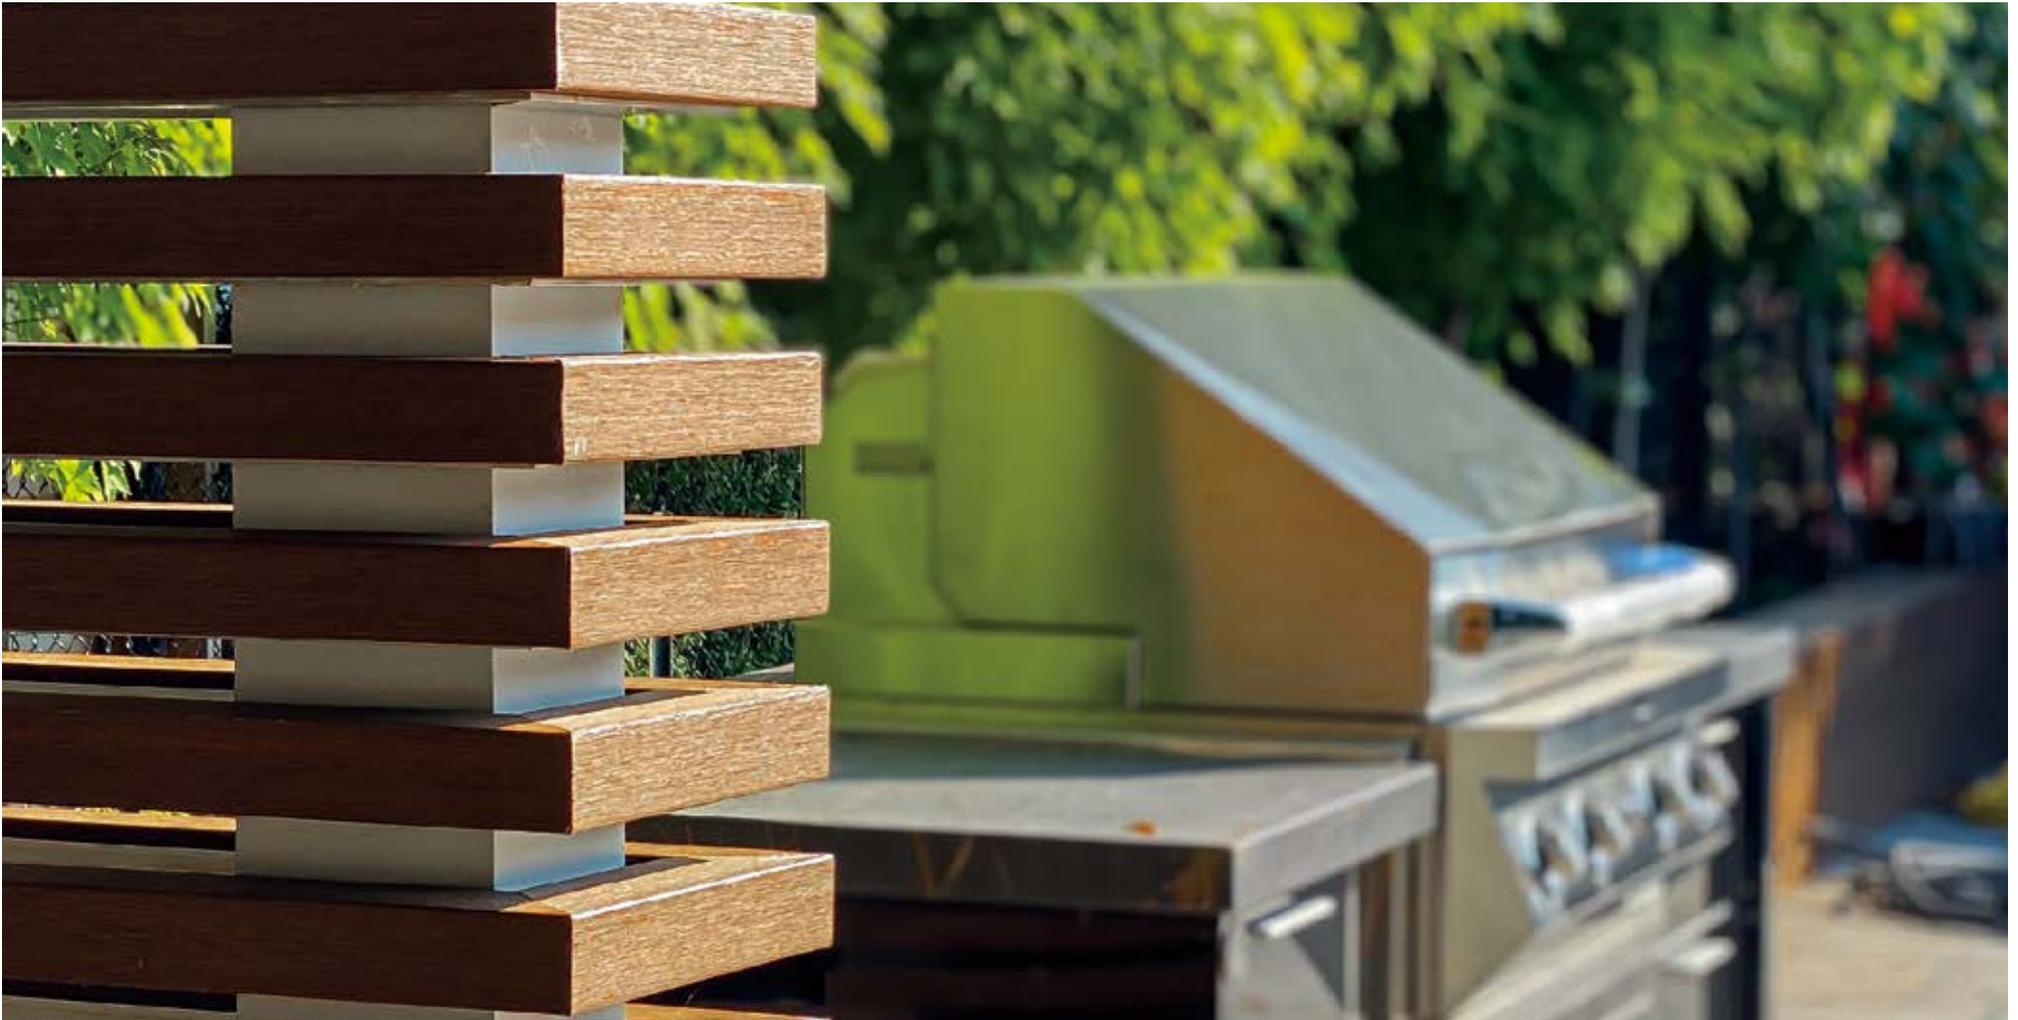

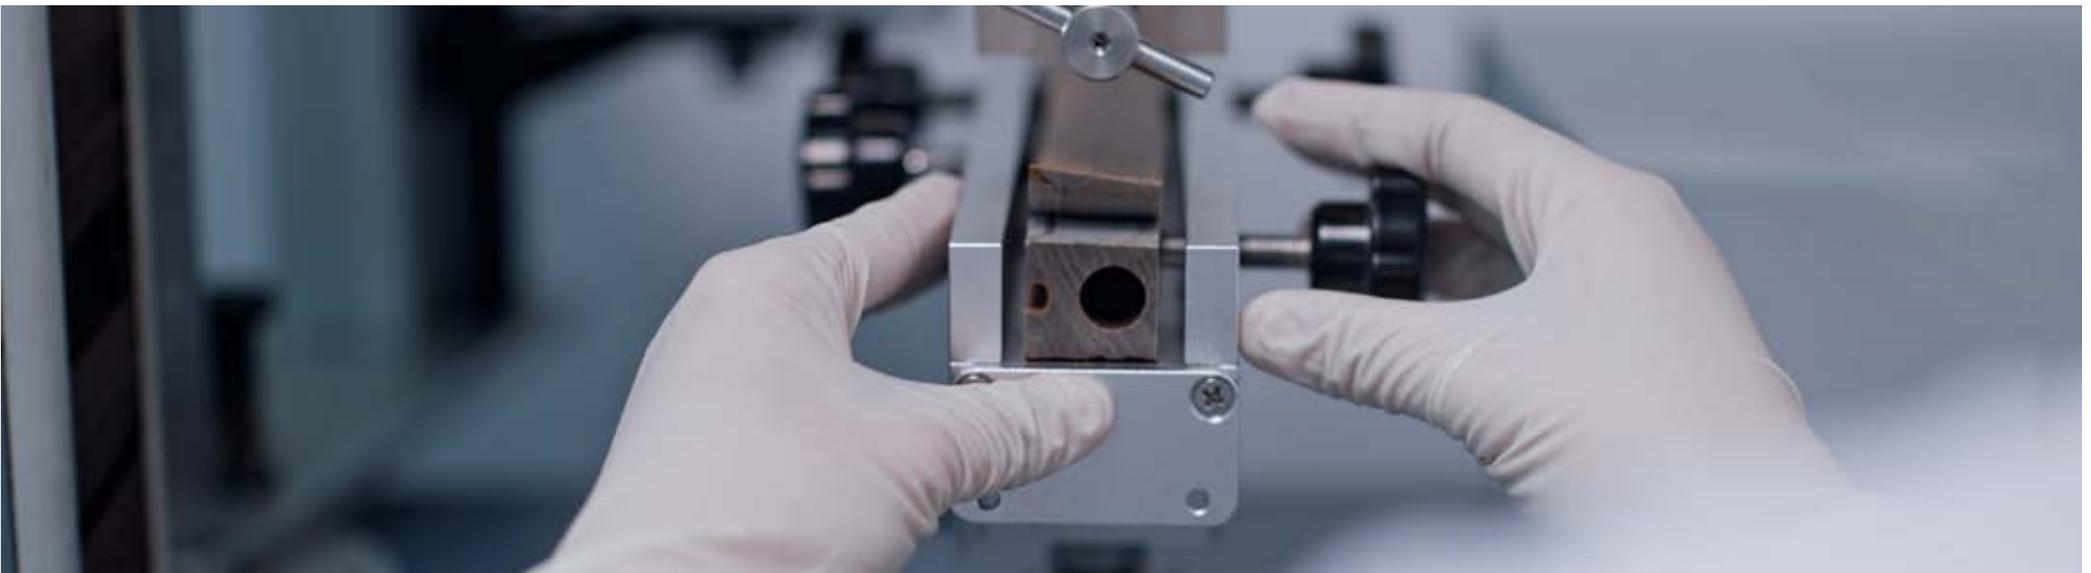

What Makes NewTechWood the Smart Green Choice?

NewTechWood undertakes annual, third-party audits to assure compliance with environmental, health, and safety regulations and guidelines – a demonstration of our commitment to a greener alternative to wood building products that deplete the planet's resources.

FEATURES

- ✓ Architectural freedom
- ✓ Vast range of dimensions to choose from
- ✓ Adds warmth to any project without the maintenance

The **UltraShield**® Comprehensive Warranty

Our **UltraShield**® beams is backed by the most comprehensive warranty in the industry.

NewTechWood stands behind its products, backed by a 25-year limited, transferable warranty.

We are so confident in the quality of our beams that we'll refund the cost or replace the beams if it underperforms.

BEAMS

Core

The core of this material is made from carefully selected recycled material and highly dense recycled hardwood and softwood fibers that allow for greater strength and durability, and best of all it's 100% recyclable.

UltraShield®

With more than 2 years of research and development at hand NewTechWood is one of the few in the industry that have made its own formula from scratch. UltraShield is made from a proprietary blend of engineering grade polyethylene.

STUNNING WOOD LOOK

UltraShield® Naturale™

Our embossing is designed to replicate the natural look and feel of wood, giving you the beauty and warmth of real wood without the maintenance or environmental impact.

▶ Note: Some colors might be limited to certain profiles or countries, please consult with your local distributor.
